

\$21 Million Awarded in Pipe Price-Fixing Suit

Torrance's share in a \$21 million suit against concrete and pipe manufacturers is being computed by the state Attorney General's office in the wake of the judgment for some 300 public and private organizations who were victims of price fixing.

An award of several thousand dollars is expected to be announced by Oct. 1. At that time six companies will return 90 per cent of the \$21,275,000 in damages awarded by Federal Judge Martin Pence in Los Angeles.

The remaining 10 per cent of the settlement will be paid over a 5-year period, with the smaller plaintiffs being paid first, according to Phil Pennington, field representative for Supervisor Kenneth Hahn.

AT THE present time, said Deputy City Attorney Richard Knickerbocker, the city is "in the dark" about how large the award will be.

The huge suit involved more than two years of litigation by the county counsel's office, which represented the 300 organizations which had bought pipe, both concrete and steel, from the companies from the early 1950s under fixed prices.

Defendants in the suit were United States Steel Corp., Kaiser Steel, Martin-Marietta, and United States Industries,

United Concrete Pipe Corporation, and Smith Scott companies.

"Still in court is a case against the American Pipe and Construction Co., which refused to join in the settlement with the other firms."

Peace Corps Test Slated

Placement tests for the Peace Corps will be given in Los Angeles and Long Beach Saturday at 1:30 p.m., it was announced today.

The Los Angeles tests will be given at the Federal Building, 300 N. Los Angeles St., and the Long Beach tests will be given in the Long Beach Office, Third Street and Long Beach Boulevard.

said Supervisor Kenneth Hahn.

THE COMPANIES were sued with more than \$500 million worth of pipe sales involved.

The price rigging resulted in higher prices to anyone buying pipe, in and out of California, according to Supervisor Hahn. Joining the county in the suit were the states of California, Oregon, and Washington, the city and county of San Francisco, and the city of San Diego.

A large award of more than \$2 million will be given the county Flood Control District. Other cities in the area benefiting from the decision are Inglewood, Compton, El Segundo, and several water districts.
